You see your window sparkling
So why don't you come out I am hangin'
you see the outside world smiling
So why don't you come out by finding me
come on and pass it on
come on and just be gone
Yeah yeah yeah

You see this light of this sunshine
come outside you are mine
you see this brightness going
come outside let's rock it
you see the light of devine
come and get that wine
You see this light
see this light
sunshine

You woke up in a car
you tried to shred the stars
do you want to get me
so come and get me
come and touch me
come and kiss me
yeah yeah yeah

You see this light of this sunshine
come outside you are mine
you see this brightness going
come outside let's rock it
you see the light of devine
come and get that wine
You see this light
see this light
sunshine

you see it so bright
it has this shiny light
so don't wait until tonight
come on and start a fight
Yeah yeah yeah yeaah

yeah yeah yeah yeaah
You see the sunshine now
so why don't you come go out

You see this light of this sunshine
come outside you are mine
you see this brightness going
come outside let's rock it
you see the light of devine
come and get that wine
You see this light
see this light
sunshine

You see this light of this sunshine
come outside you are mine
you see this brightness going
come outside let's rock it
you see the light of devine
come and get that wine
You see this light
see this light
sunshine

You see the sunshine now
so why don't you come out
