He's sitting across the hall  
He just watch me fall  
He's playing cards on the floor  
He never opened up the door  
He see me getting free  
He see me being me  
So why can't he let me live?  
Cos I don't give

Can't you see  
I'm opening my eyes  
Do you realize?  
That whatever you give,  
I'm trying to live  
Since time has come by  
and you're falling with me off side  
Do you realize?  
That whatever you let me believe,  
I'm trying to live

I'm reading this page  
I'm filling this empty space  
And he never notice  
And I'm tripping way too deep  
And I'm sinking on my feet  
I'm trying to feel it  
Numb and pain takes over me  
Trying to mess with my property  
Who am I to you?  
What are you gonna do?

Can't you see  
I'm opening my eyes  
Do you realize?  
That whatever you give,  
I'm trying to live  
Since time has come by  
and you're falling with me off side  
Do you realize?  
That whatever you let me believe,  
I'm trying to live

I'm laying on the floor  
And he opened the door  
His face is pale  
And he bails  
What's the red face for?  
Is that to show me more?  
What am I laying here for?  
Didn't I locked up the door?  
I'm falling in too deepness  
And fall to the creepness  
Yeah yeah yeah

Can't you see  
I'm opening my eyes  
Do you realize?  
That whatever you give,  
I'm trying to live  
Since time has come by  
and you're falling with me off side  
Do you realize?  
That whatever you let me believe,  
I'm trying to live  
Can't you see  
I'm opening my eyes  
Do you realize?  
That whatever you give,  
I'm trying to live  
Since time has come by  
and you're falling with me off side  
Do you realize?  
That whatever you let me believe,  
I'm trying to live
