[Intro:]

The LA Leakers, let's get it!  
What up? I suggest you let that one go!  
What we do, nigga?  
DJ Drama

Can't smash your bitch  
(What?) I know more  
I see that looking and rise  
And by the end of the night (I'm sorry! )

Is that show bitch? Then why you're stoling?  
Get a group on your chick probably cause she read a  
side balling  
Looking me up and down at a corner of her eye (of her  
eye)  
A...hot right now, I'm off this cheeryA...  
Gotta understand? I'm a Cally guy  
Got aA... on my tongue, and I talk sly  
Is that your main squeeze?  
I'mma lay you off like unimportant  
Bitch, A...plese, believe me, I'll go enjoy you!  
It's smacking on mine, that's what I told the fool  
Little hobby, a whole mate, she's a garden tool  
Somebody's female isA... spread, they play dirty fool  
How smart MarksA... you know the rule!

Hook:

Can't smash your bitch  
(What?) I know more  
I see that looking and rise  
And by the end of the night  
The bitch then chose, the bitch then chose  
The bitch then chose, the bitch then chose  
The bitch then chose, the bitch then chose

I hate cause she tells  
But I don't give a fuck about hoes!  
Nigga I'll be balling, she calling you old man  
Put me up on Twitter like I'm her baby's dad  
Bitch, I got hoes, scum to the brain

Puss real pimping? Them other niggas lame  
Pussy just pussy, the pussy is all you  
You lay with the pussy, I realize I move!  
Knock a bitch down with the squad  
We share hoes, we ball, we share hoes then call  
Like nigga that pussy fine  
And Â...we fuck you, love hoes, you suck  
You lick pussyÂ... pussy you wanna fuck!

Hook:

CanÂ't smash your bitch  
(What?) I know more  
I see that looking and rise  
And by the end of the night  
The bitch then chose, the bitch then chose  
The bitch then chose, the bitch then chose  
The bitch then chose, the bitch then chose  
ThatÂ's how!

Take a niggaÂ's bitch, thatÂ's nothing  
You canÂ't have her back, I ainÂ't coughing (no)  
We ainÂ't doing nothing but fucking  
I feel the belly up, thatÂ's stopping!  
Oh, I put the dollar sign, needed I invest it  
She sent pictures to my phone like a Prescott  
AllÂ... and IÂ'm sick with it  
I bet you canÂ't do it with the dick in it!  
Pussy so wet, IÂ'm hot, go plan it  
Heard she only fuck with niggas thatÂ's famous  
Thick in the pussy, throw it in the anus  
We all share the same bitch!

Hook:

CanÂ't smash your bitch  
(What?) I know more  
I see that looking and rise  
And by the end of the night  
The bitch then chose, the bitch then chose  
The bitch then chose, the bitch then chose  
The bitch then chose, the bitch then chose  
ThatÂ's how!
