"What We Thought Was Fog"

Visit "[What We Thought Was Fog](#)" on MotoLyrics.com

Driving in fog, i didn't know where to turn i saw a dark white, and the engine halted.. i had nowhere to turn! i had nowhere to turn... you said it was a mistake swore it wasn't possible but it was and we knew it your lights didn't shine your lights didn't shine. driving in the fog i drove off the road into a fiery pan and the tires melted i didn't try to turn, i just looked you in the eyes. you said it was a mistake swore it wasn't possible but it was and they knocked on the windows your lights didn't shine your lights didn't shine. what we thought was fog was just smoke and what we thought was light was just the f
