[Feat. Chris Brown]

When I don't have the words  
You say the thing I need to hear  
You turn my heart away from fear  
All I can do, depends on if, I know that you are here

When you talk you bring me life  
When you talk you bring me life  
When you talk you bring me life, ah ah

Playbacking my mind  
Cause I feel I'm just playing my life in rewind  
You been a part of my life, and truefully I love you  
Nothing can take me away from you

It's your spirit  
I can feel it  
You're what guides me to find my way  
It's your spirit  
It's your spirit  
I understand now I have a chance now

I never am alone  
There is your presents that surrounds me  
I can't see myself, trying to go on without you

When you talk you bring me life  
When you talk you bring me life  
When you talk you bring me life, ah ah

Playbacking my mind  
Cause I feel I'm just playing my life in rewind  
You been a part of my life, and truefully I love you  
Nothing can take me away from you

It's your spirit  
I can feel it  
You're what guides me to find my way  
It's your spirit  
It's your spirit  
I understand now I have a chance now

If I close my eyes, there's no emptiness  
Even when they're closed I see you

Playbacking my mind  
Cause I feel I'm just playing my life in rewind  
You been a part of my life, and truefully I love you  
Nothing can take me away from you

It's your spirit  
I can feel it  
You're what guides me to find my way  
It's your spirit  
It's your spirit  
I understand now I have a chance now
