Ooooh ohhhhhh  
You got me feeling like I want to,  
Be with you forever, but I don't wanna get serious just  
yet  
But you can play the part if you are  
Wifey Material (wifey material)  
Wifey Material if you can play the part

I give her the kinda love to keep her coming,  
Never too much so she wont start bugging  
Oh babe you're such a hottie, got all the right parts to  
compliment ya body

I know that you're inlove with me  
But you don't act all craze  
As long as our thoughts don't start to mismatch  
Imma lace you with a bling blong bling

You got me feeling like I want to,  
Be with you forever, but I don't wanna get serious just  
yet  
But you can play the part if you are  
Wifey Material (wifey material)  
Wifey Material if you can play the part  
Wifey Material you always know wassup ooohhhh

Sweet lady you're the perfect prototype  
You give me my space and don't forget the face time  
You're a cutie even on your bad side  
And you can throwback when you got ya hands tight

You're inlove with me but you don't act all craze  
Keep your body as dangerous as Haz-mat  
You'll be a winner like  
Ting ting ting ting

You got me feeling like I want to,  
Be with you forever, but I don't wanna get serious just  
yet  
But you can play the part if you are  
Wifey Material (wifey material)

Wifey Material if you can play the part  
Wifey Material you always know wassup ooohhhh  
Wifey Material, wifey material if you can play the part  
(Wifey material)  
I'll buy you things you want  
(Coz you're a Wifey Material) ohhhh

The Girl of my dreams what a fantasy,  
If you could be the 1 I can keep  
As my main squeeze, my darling  
Someday you goin have a diamond ring  
But in the mean time just stand by a good man  
That does wanna see you fly away,  
With the wrong guy coz you're my

You got me feeling like I want to,  
Be with you forever, but I don't wanna get serious just  
yet  
But you can play the part if you are  
Wifey Material (wifey material)  
Wifey Material if you can play the part  
Wifey Material you always know wassup ooohhhh  
Wifey Material, wifey material if you can play the part  
(Wifey material)  
I'll buy you things you want  
(Coz you're a Wifey Material) ohhhh
