(Peanut):

The days are growing shorter
And the nights are growing colder
We know Santa's on his way
We can't wait another day
I want a brand new skateboard and a scooter too
Because to operate them, you only need one shoe

(Achmed)

I would like some dynamite and some nitro too
Don't care what Santa brings me
As long as it has a fuse

(Bubba J)

When I fight with the Mrs.
There's no place to hide
So my Christmas wishes a brand new double wide

(All)

Sleigh bells, sleigh bells such a joyest sound
Everyone has a special wish when Santa comes to town

(Walter)

I wish weren't so sunny
I prefer December gloom

(Peanut)

But there's plenty of snow for everyone
In Guitar Guys dressing room

(Achmed)

I want a voice box and some lungs
So I can scream and shout

(Peanut)

And some skin to wrap him in
So they don't fall out

(Jose)

I've been the prefect pepper
As good as I can be

(Peanut)
You'll be the perfect angel
When we stick you on the tree ha!

(All)
Sleigh bells, sleigh bells such a joyest sound
Everyone has a special wish when Santa comes to town

(Music Break)

(Peanut)
I need a matching tennis shoe

(Achmed)
I need a pair of ears

(Walter)
I wish this song was over

(Bubba J)
I could use another beer

(Peanut)
I want a stack of money

(Bubba J)
Wanna win a NASCAR race

(Walter)
If I sit here any longer
I'll need Preperation H

(All)
Sleigh bells, sleigh bells such a joyest sound
Everyone has a special wish when Christmas rolls
around
And Santa comes to town

(Bubba J)
That was good

(Walter)
Shut up
