"I Could Fall"

Visit "[I Could Fall](#)" on MotoLyrics.com

Hold on gotta catch my breath, you take it every time I
see you
Been watchin' every word I've said, gotta watch the
things I do
Don't wanna get too far ahead, don't wanna kill what's
badly breathing
Keep the dream inside my head, inside my head

Cuz I could fall in love with you if I wanted to
But I'm takin' it slower than I want to not so fast
Cuz I could fall in love with you if I wanted to
But I'm takin' it slower than I want too
Gotta get it right befor we call it love, love love, love

Stand still let me take you in I wanna tell you what I'm
seekin
I get lost when I see your smile I wanna hold onto this
feeling
Gotta do this make this right wont make the same
mistake this time
You're the dream inside my head, inside my head

Cuz I could fall in love with you if I wanted to
But I'm takin' it slower than I want to not so fast
Cuz I could fall in love with you if I wanted to
But I'm takin' it slower than I want to
Gotta get it right befor we call it love, love love, love

I know what I need to do I'm gonna get close to you
Ill, make my move
Do what others fail to do with you I promise I wont be
another
One who just comes and goes I wanna be more to you
than just another friend

Cuz I could fall in love with you if I wanted to
But I'm takin' it slower than I want to not so fast
Cuz I could fall in love with you if I wanted to
But I'm takin' it slower than I want to
Gotta get it right befor we call it love, love (befor we
call it love)

Love, love
