I'm the richest man in the world  
I've got my arms around my beautiful girl  
Lets build a city without a name  
Where we'll live forever just for a day

I'm gonna spend the time with you  
That it takes to make you feel  
Like you are the only one  
I'm gonna take my time to prove  
You've got my attention  
Cause you are the only one

I'll let you fly around in my head  
Every though is yours so let it be said  
We can paint our love outside of the lines  
Be original for once in our lives

I'm gonna spend the time with you  
That it takes to make you feel  
Like you are the only one  
I'm gonna take my time to prove  
You've got my attention  
Cause you are the only one

I will be the one that you can run to  
(The only one)

We can be oceans  
Flow with the tide  
Feel every emotion  
Just you and I  
When our worlds are crashing I'll stand by your side  
(Your side)

I'm gonna spend the time with you  
That it takes to make you feel  
Like you are the only one  
I'm gonna take my time to prove  
You've got my attention  
Cause you are the only one

I will be the one that you can run to  
The only one

I'm gonna spend the time with you  
That it takes to make you feel  
Like you are the only one

I will be the one that you can run to  
The only one
