Now all of the sons and the daughters  
Don't want just what comes along  
So give them something more  
Come on, ooh

But me and my friends act so crazy  
We'll become just what comes along  
Yeah, it's a natural born, come on  
We don't need nothing more

When you don't know where you're going  
Is it real or right on?  
It's not where you come from, right on  
It's not where you belong

(Everything is so complete)  
Until there's more than everything  
(Everything is what you need)

So quit now  
Could you even help with this one  
While it's tied to me?  
Bring on the terror and give it to me

Sometimes I need a punch in the face  
Sometimes I need a leg in the ass  
But it's so hard to find these days  
When it's right time, wrong place

And we're all out of salary based  
And we're all out of minimum wage  
We'll make it up as we go along  
And that ain't nothing wrong

When there's nothing left to beat your fist at  
Is it pattern or just paranoid?  
Is that where you come from? Right on  
Is that where you belong?

(Everything is so complete)  
Until there's more than everything  
(Everything is what you need)

So quit now  
Could you even help with this one  
While it's tied to me?  
Bring on the terror and give it to me  
To me, ooh
