So if you see me coming down the road
I'll be much closer than you'll ever know
'Cause my vessel snakes beneath the waves
It's a little too late for making me stay

Somebody told you, they couldn't see
That I was in it for you
And you were in it for me

But in a city of so many people
You'll find no one
As you make your moves through Hudson Tubes
And still no one

Somebody told you, they couldn't see
That I was in it for you
And you were in it for me

So if you see me coming down the road
I'll be much closer than you'll ever know
