The flows is acidic
cruising in a slow ass civic, i got gas, hit it
hold up, cops passed, I stop, laugh, hit it
Jakes is snakes lizards, if they small they wont come
hither,
Nigga, I hisses at your misses
slither down her throat, spit her up, (mmm)delicious
I'm to malicious, this one for my mistresses in distress,
cause positions that i put'em in
could stretch
Them can't contest him, get the rude boy vex,
True shotta to give him tow shots, rude bwoy fidead
Boom bye bye in a batty man head
the sooner I die, sooner them gets ahead,
So you do the math, put the pieces to the puzzles like
Voodoo in the trap, no string attached,
In fact, it's all connected in the sanse,
neglected in the cents,
plus well collecting my respect,
respect
