See I can rap it to you, I can sing it to you,
And no matter to me is the way I can give it to you.
See I can rap it to you, I can sing it to you,
And no matter to me is the way I can give it to you.
See I can rap it to you, I can sing it to you,
And no matter to me is the way I can give it to you.
See I can rap it to you, I can sing it to you,
And no matter to me is the way I can give it to you.
See I can rap it to you, I can sing it to you,
And no matter to me is the way I can give it to you.

you'€™ ,
Catch up to the money nobody bring to you,
You can'€™ t understand a rap let me go sayin to
you.

your funeral
You wanna lick your best... cause I ain'€™t really
know you
Just in case you ain'€™t get it let me send it back to
you.
