The sun will shine away all the gray  
The sky will burn in pale white  
To form a sea with a settle tide  
Of blue and green with turquoise trim alive  
I'm falling in  
She's holding on  
We'll fade before this blissful kiss tonight  
Someone wake me  
Someone shake me  
I'm dreaming I'm dreaming I'm dreaming

It's so good  
To see you like I do  
It's so real  
To feel you in my arms again

This motion has worked it's way inside  
The sparks will show  
And she shall glow with the sun  
Flow with the mood  
Share her skin and all that's real collide  
I'm letting go  
She's giving in  
There's a rhythm that reveals are fidelity  
Someone wake me  
Someone shake me  
I'm dreaming I'm dreaming I'm dreaming

It's so good  
To see you like I do  
It's so real  
To hold you in my arms again

Forever distort the space we share  
The vision seen so clear  
Swallow infectious severed senses  
Penetrate these wounds that wont heal  
That will never conceal  
It's a form of bleeding  
To prove that I will always be with you  
Always be for you

It's so good  
To see you like I do  
It's so real  
To feel you in my arms again

I know it's good  
I know it's real  
You know you're a wave of gold  
That distills my soul  
Just to see you like I do
