Her kisses, so divine
Her body so warm by mine
Her love is a gift so dear
Oh heart, I wish you were here.

Never knew when you left somehow
Never needed you more than now
If only while she lies near
Oh heart, I wish you were here.

What a fool I was the last time
I put you on the line
For now you've gone away and left
This empty body behind.

But if you'd come back to me
She'd treat you so tenderly
And her love would erase your tears
Oh heart, I wish you were here.
