The moment I saw you, I wanted to know you
I guess I fell for you right from the start
Now I want to have you always beside me
So let's live together sweetheart

Chorus:

Yeah, let's live together, these ain't the cave times
I'm not a hunter gatherer or a backwater Baptist
I want your lovin', I don't want babies
So let's live together, sweetheart

Now, not very long ago, this would be scandal
From friends, and from loved ones, we'd be forced to
part
But those days are over, we're free, white, and single
So let's live together sweetheart

Chorus

Now, side by side, each night, we watch the sun falling
One day when we die we'll be boiled in a cauldron
But right now we're having some fun

So, let's live together, these ain't the cave times
I'm not a hunter-gatherer or a backwater Baptist
I want your lovin', not a long line of strangers
So let's live together sweetheart

Yeah, let's live together, this ain't Alabama
I'm not a dumb Rotarian, you're not a Jesus-moron
I don't know nothin' 'bout birthin' no babies
So let's live together sweetheart
Yeah, let's live together sweetheart
