Well, you did what you did  
And you know, that you did it  
And there ain't no use to deny it

I got you dead to rights, baby  
Now, you're gone  
And made me mad

You been cattin' on a sly  
Now, you bat your pretty eyes with a tale  
No monkey'd ever buy it  
Is that a line you're handin' me, girl?

Well, you shouldn't have, no, you shouldn't have  
You shouldn't have let half the home town at you  
You shouldn't 've told a lie and you shouldn't 've let me  
catch you  
You shouldn't have cheated when you could've been  
treating me right

Now, there's scratches on your back  
Smoke on your breath  
Your baby blues could use a blood lettin'

You partied all night, pickin' up everything but the tab  
But I'm handin' you the bill for a thousand tears spilled  
And I'm gonna be a long time forgettin'  
Thanks so much for wreckin' my heart

Well, you shouldn't have, no, you shouldn't have  
You shouldn't have let half the home town at you  
You shouldn't 've told a lie and you shouldn't 've let me  
catch you  
You shouldn't have cheated when you could've been  
treating me right

Well, if you had to go places where you shouldn't have  
been  
You shouldn't have bothered comin' home again  
I don't need what you gimme in the cold light of dawn  
Only what you give away, all night long

You did what you did and you know that you did it  
'Cause the knees are ripped out from your stockings  
Yeah, next time you crawl through the gutter, better  
cover your track

But when you're done raisin' hell, ringin' all the boys'  
bells  
Don't you come round here a knockin'  
'Cause everything you've done to me, girl

Well, you shouldn't have, oh, you shouldn't have  
You shouldn't have let half the home town at you  
You shouldn't 've told a lie and you shouldn't 've let me  
catch you  
You shouldn't have cheated when you could've been  
treating me right  
You shouldn't have cheated when you could've been  
treating me right
