I live out in the woods in a cabin all alone  
A 10 by 12 one room shack is what I call my home. I  
don't live alone by choice it's by necessity. I'm hidin  
from the law cause  
I'm a wanted man you see. and they'll put me in the  
ground if they ever track me down. that's why I make  
my home up in the hills  
Where the law don't come around cause they'll put me  
in the ground if they ever track me down. it was late  
one afternoon way  
Back in the pines Reverend Newer bust through the  
trees as we was cookin the days last shine. my brother  
drew his gun  
Reverend Newer drew a bead. two gun shots two  
bodies dead no one else to blame but me. and they'll  
put me in the ground if  
They ever track me down that's why I make my home  
up in the hills where the law don't come around cause  
they'll put me in the  
Ground if they ever track me down. with no one there to  
see just how the deal went down the only two who know  
the truth are  
Six foot in the ground like it ain't bad enough my  
brother lost his life I'm a wanted man stuck in these  
woods hidin from his  
Fi  
Ght and they'll put me in the ground if they ever track  
me down that's why I make my home up in the hills  
where the law don't  
Come around cause they'll put me in the ground if they  
ever track me down if they ever track me down
