### "Russian girl"

I am in a rush,  
I just have to pack my bag with cash, that flush,  
and it's certain to get back to my country,  
didn't know that it's forbidden, I'm sorry...

I am just a simple Russian girl,  
I've got vodka in my blood,  
So I dance with brown bears,  
And my soul is torn apart...

Now you know -  
It is common to forget about the law,  
When especially you love - it's like a tank,  
it can drive you mad so you can rob a bank

Let me go,  
I won't ever try to do this anymore,  
If you let - I'll kiss you in your chicks three times,  
This is a tradition, don't you be surprised!
