You must, you must have it all  
You must have it all figured out  
It's a picture perfect vision of a life  
It's what we've been taught to dream about

Looking down on us with condescending eyes  
They say what you think  
They say what you mean

Claimed a throne  
Adorned a crown  
It's not what you want  
It's not what you think  
Take this life you had and throw it away  
Like everyone else

You're just a victim  
Distorted vision  
Defined by corruption  
You'll just consume yourself

Empirical lies  
Untested untried  
Forsaken are those  
Who don't question life  
Wandering a such a trap like path  
Allowing yourself to worship this shrine of gold  
To worship a shrine of gold

You'll never find a way to overcome this un-fulfillment  
A golden home that leads to an empty grave  
A mislead life you don't try and save  
You'll drown yourself in discontentment  
You gave away your only choice  
Sold your soul, all for this shrine of gold

You brought this upon yourself  
We all have our choice  
You let them take yours  
You're nothing more than your crutch  
Pathetic for knowing

But still giving up

A mislead life you don't try and save  
You'll drown yourself in discontentment  
You gave away your only choice  
You sold your soul, all for this shrine of gold

So come a bit closer  
The secrets a lie  
The lie is your life  
So leave it untold  
Maybe you'll find the truth and throw it away  
Like everyone else  
Thrown away  
Forgotten forsaken  
Thrown away  
Just like everyone else  
Your treading is turning to drowning  
Fall beneath, fall beneath me

Every gasp you take, you'll forever choke  
Grab hold to nothing  
You can only tread water for so long.
