give me a beat
and i'll be breaking it down
get on your feet
and let the sweat hit the ground

wax it on wax it off
like i'm doin karate
i got the mad mad skills
just like Mr.Miyagi

so Mr.DJ, Mr.DJ
put my jam on replay
i'm goin fast like a Bugatti on the freeway
i don't need need to catch my breath
catch my breath(catch my breath)
i don't need to catch my breath cause i aint done yet

whoa wheres the party?
cause i cant get enough
live it up live it up
whoa wheres the party?
come on fill my cup
crank it up crank it up
we can dance our cares away
from t-t-Tokyo to LA
we can dance our cares away
cause the weekend,the weekend,
the weekend was made to play

this beat is sick
its feelin like the flu
turn up the kick
and then call doctor Lu

cause i'm dancin into space
just like captain Kirk

while i'm crankin up Katie perry's firework

so Mr.DJ, Mr.DJ
put my jam on replay
we still got money still got time
this aint no week day
put your hands in the air

whoa wheres the party?
cause i cant get enough
live it up live it up
whoa wheres the party?
come on fill my cup
crank it up crank it up
we can dance our cares away
from t-t-Tokyo to LA
we can dance our cares away
cause the weekend,the weekend,
the weekend was made to play

the weekend the weekend(x2)

whoa wheres the party?
cause i cant get enough
live it up live it up
whoa wheres the party?
come on fill my cup
crank it up crank it up

whoa wheres the party?
cause i cant get enough
live it up live it up
whoa wheres the party?
come on fill my cup
crank it up crank it up
we can dance our cares away
from t-t-Tokyo to LA
we can dance our cares away
cause the weekend,the weekend,
the weekend was made to play
