Once in a while

She comes through the walls of my apartment

And once in while she says:

"Come on let's blow it all"

She's amnesia

She's walking out in shattered times

She's a movement

She's a motion

She's moves like smoke before my eyes

Once in a while

I feel somebody move beneath my skin

And once in while I feel that smile

She says: "Come on, let's begin"

She's amnesia

She's walking out in shattered times

She's a movement

She's a motion

I let that smoke get in my eyes

Once in a while

Once in a while

I turn a corner and I feel that

Once in a while

I take a break from everybody's expectations

She's amnesia

She's walking out in shattered times

She's a movement

She's a motion

You know how smoke gets in your eyes
