You, you take away everything I treasure
You take away everything I measure
You robbed me of everything that was essential
I'm revengeful since I came to be
Sometimes I feel like I've been possessed
when all I need is sorrow
Which is your kind
which is your kind

I cant? take the seeing all of this
All these people with sad faces
All just a waste of (???)
Color by number mentality
To be for me is insanity
Fight for your children tonight
And Touched (??) to me at night
The future is here, a living disappointment

Just take it all away
Bring on, bring on the dying
If you will
stop the crying, overkill
What is under me consists to be (???)
Take away all this pain
You, you? ripped my life apart
Tore the flesh of my heart
Took away my pride
Stripped my soul
Robbed me inside
Your my disease, my weaknesses
Your my disease, my weaknesses
Your my disease, my weaknesses

Just take yourself away
Bring on, bring on the dying
If you will
stop the crying
Hope it will (???) consists to be
Just take away all this pain
Take away? all this pain
Take away all this pain

Just take it all away
