I wake up in the morning light
The Duchess says "When you gonna live your life right?"
I know she thinks that I'm the fortunate one
But princesses wanna have fun
Oh, princesses wanna have

That's all we really want
Is some fun
When the royal day is done
Princesses wanna have fun
Oh, princesses wanna have fun

Princesses want
We wanna have fun
We want
Wanna have

We just wanna
We just wanna
We just wanna
We just wanna (wanna have fun)

We just wanna (princesses wanna have fun)
We just wanna (wanna have fun)
We just wanna (we want)
We just wanna
Yeah, we wanna have fun

We just wanna (princesses wanna have fun)
We just wanna (princesses wanna have fun)
We just wanna
Oh, princesses wanna have fun
