To be a Princess is To know which spoon to use
To be a Princess Is a thousand Pair Of Shoes
Have Your Breakfast serve In bed
Wear Some Diamonds On your head
Get a Food Massage And Mani-pedi too
To be a Princess is to live a dream Come true

Curtsey Princess Come to call
Wear a new Gown To every Ball
all through the day There's Just one way You must Behave
Pose with a Feather In your hat
Stretch On a golden Yoga mat
Bend In above And Always Wear your Gloves and Wave

Shoulders Back and
Tummy In and
Pinky out and
Lift The chin and
Slowly turn your head from side -To -side

Breathing gently
Stepping Lightly
Smile Brightly
Nod Politely
Do everything you do with Pride
Glide

To be a Princess Is to wear Your Family Crest
To be a princess is to always Do your best

To be a popstar Is to Know which Mic to use
To be a Popstar Is to Not fall Of your shoes

To Rehearse Until It's Right
Give A great Show every Night
and Have A room Service For Anything you choose

To be a Popstar Is to Love your Great Reviews
take In the latest Fashion show
Fly through A lunch To mexico
No time for Friends Except Your Dog and your Guitar

Tweet Everyone Your latest News
Sit for a Thousand Interviews
Love every fan No matter How Bizzare They are

Here's a Camera
There's a camera
And a camera
And a camera
And another Autograph To sign (Love keira)

Change your clothes and
Strike a pose and
Work a Crowd And Don't Forget To pose It All Online
Shine

To be A popstar Is to never act Your age
To be a Popstar Is to make The world Be on stage
Oh,Oh,Oh

Shouldres back and
Strike A pose and
Pinky out and
Change Your clothes and
Slowly turn Your head From Side - To - Side
(I see Now)
here's A camera
Stepping Lightly
There's a Camera
Nod Politely
Do everything you do with Pride
Glide

To be a Princess Is to always do your Best
To be a Popstar To Leave them All Impressed
