I come to town, my work is done
Well, I just got off the road
It's a long time since I been with someone

I called this lady, so divine
I asked her and I asked her
If she'd like to come out sometime

We talked about some movie
And we laughed at ourselves
She had a way about her like no one else

But I could see clouds
When I looked in her eyes
Boy, if she's somebody else's
She's not mine

When I left town my heart was on fire
I was New York bound
She left me so inspired

I wanted to reach her, I made a choice
By talking on the phone
I heard the distance in her voice

And I want to take her over
Way across the sea
And I want to bring her over to visit me

But maybe she thinks
I'm the fugitive kind
Boy, if she's somebody else's
She's not mine

Oh, I wanted to hold her
One more time
But if she's somebody else's
She's not mine

But if she's somebody else's
Then she's not mine, she's not mine
She's not mine
