Teenage volleyballers dancing in the sun
Teenage volleyballers having lots of fun
Teenage volleyballers I gotta have to get me one

Teenage teenage volleyballers
Teenage teenage volleyballers
It could be so outta sight
If you'd be mine
Teenage volleyballers
We could have a ball tonight

I thought them teenage volleyballers would take me all
the way
I knew I had a good thing going
I knew just how to make it pay
I had them teenage volleyballers dancing on a string
I had them teenage volleyballers and it was more fun
than anything

Teenage teenage volleyballers
Teenage teenage volleyballers
It could be so outta sight
If you'd be mine
Teenage volleyballers
We could have a ball tonight

I had them teenage volleyballers bouncing in my brain
I had them teenage volleyballers till it was driving me
insane
I had them teenage volleyballers like I couldn't get
enough
From far to wide I swam a tide of teenage volleyballin'
stuff

Teenage teenage volleyballers
Teenage teenage volleyballers
It could be so outta sight
If you'd be mine
Teenage volleyballers
We could have a ball tonight

From here to there I strolled with pride
For I was know from far and wide as the king
The king who ruled the tide of teenage volleyballin'
stuff

Teenage teenage volleyballers
Teenage teenage volleyballers
It could be so outta sight
If you'd be mine
Teenage volleyballers
We could have a ball tonight

I thought this volleyballin' kind of life would never end
Until I started messing around with the wife of my best
friend
After that, disaster started raining down so fast I
couldn't duck
As faster yet, the word was passed, the king has lost
his luck

Teenage teenage volleyballers
Teenage teenage volleyballers
It could be so outta sight
If you'd be mine
Teenage volleyballers
We could have a ball tonight

That game I thought could never end did finally run its
course
I felt like that masked man's injun friend stranded
without a horse
And from those days of volleyballin' 'neath skies so
ever blue
All I have to keep me warm is memories of you

Teenage teenage volleyballers
Teenage teenage volleyballers
It could be so outta sight
If you'd be mine
Teenage volleyballers
We could have a ball tonight

Teenage teenage volleyballers
You've caught me by the heart
Teenage teenage volleyballers
Don't let us ever part
For if you do, all I could do
Is dream of skies forever blue
And of those days in eighty-two
When all I did and all I knew
Was how to keep those volleys flying true

And how to keep them coming through
When I was volleyballin' you
