Not of this earth

Not of this earth  
You've changed places with the sun  
I know that you're the one  
I love what we've become

Not of this earth  
I wear you like a shroud  
I know I'll make you proud  
You've done your crying now

She's not of this earth  
And I don't have the means to search  
If I ever leave this world  
You will have a song to sing  
So that you know what you are worth

Not of this earth  
She came walking down my lane  
I've learned to laugh again  
Like a moth to a flame

Not of this earth  
Not surprised we're unashamed  
She's gonna have to change her name  
Then we'll know that we're the same

She's not of this earth  
And I believe we've seen the worst  
If I ever leave this world  
You will have a song to sing  
So you know what you are worth

Not of this earth  
[Better get used to this]  
Not of this earth  
[Gonna be around for a while]

Not of this earth  
[Spend too much time being cursed]

Not of this earth

Repeat

Not of this earth
