You may go to college.
You may go to school
You might drive a pink cadillac
But don't you be nobody's fool

Come back, baby. come back.
Come back, baby. come back.
Come back, baby. I want to play house with you

Listen to me baby.
What I'm talking about
Come on back me little girl
So we can play some house.

Come back baby come back
Come back baby gone.
Come back baby I want to play house with you

Well, there's just one thing baby
That I want you to know
Come on back we can play a little house
And we act like we did before.

Come back, baby. come back.
Come back, baby. come back.
Come back, baby. I want to play house with you

Listen to me baby.
Try to understand
I rather see you dead little girl
Than see you with another man

Come back, baby. come back.
Come back, baby. come back.
Come back, baby. I want to play house with you
