It started out when she was small
She was premature
She wasn't nothing at all
Two pounds six ounces
A little pumpkin seed
But she got more love
Than you ever gonna need
She got big fat love
She got big fat love
She don't eat enough
To keep her alive
When she bends over
She's a quarter to five
Skinny little thing
But she ain't afraid
To dance the watusi
On a razorblade
She got big fat love
She got big fat love
Tiny little hands
Tiny little nose
Tiny little footsteps
Wherever she goes
Little bit don't leave
No bathtub ring
You pull the plug
She's down the drain
She got big fat love
She got big fat love
She got big fat love
Bigger than me
Bigger than you
Bigger than the hippo
Down at the zoo
Thin is in
Stout is out
Big fat love
Is what I'm talking about
She got big fat love
She got big fat love
She got big fat love

She got big fat love
