Let's drink some champipple baby, 'cause it's almost
free
Champipple baby, 'til dawn
You've got no pressing engagements
Won't you sit down by me and drink some champipple
baby, 'til the champipple's gone?
I've got a Chevy with the soft top down
It's up on blocks but it still gets around
We've made our beds but I'm not gonna lie
You roll me over like a sweet summer sky
Let's drink some champipple baby, 'cause it's almost
free
Champipple baby, 'til dawn
You've got no pressing engagements
Won't you sit down by me and drink some champipple
baby, 'til the champipple's gone?
Tomorrow baby, that's a long way away but it won't get
here 'til we're done with today
I'll tell you where I want to be when it's through
Getting mixed mixing up some champipple with you
Let's drink some champipple baby, 'cause it's almost
free
Champipple baby, 'til dawn
You've got no pressing engagements
Won't you sit down by me and drink some champipple
baby, 'til the champipple's gone?
Penny for penny, pound for pound, if you're getting up
for getting down
Bottle for bottle, sip by sip, it tastes even better when
it's on your lips

Penny for penny, pound for pound, if you're getting up
for getting down
Bottle for bottle, sip by sip, it tastes even better when
it's on your lips

(Champipple) Bottle for bottle, sip by sip by sip (Power
to the Pipple)
Cham, champipple, champipple to the people now
Champipple, champipple to the people now
(Champipple) Bottle for bottle, sip by sip by sip (Power

to the Pipple)
Cham, champipple, champipple to the people now
Champipple, champipple to the people now
(Champipple) Bottle for bottle, sip by sip by sip (Power
to the Pipple)
Cham, champipple, champipple to the people now
Champipple, champipple to the people now
(Champipple) Bottle for bottle, sip by sip by sip (Power
to the Pipple, right on)
Cham, champipple, champipple to the people now
Champipple, champipple to the people now

Let's drink some champipple baby, 'cause it's almost
free
Champipple baby, 'til dawn
You've got no pressing engagements
Won't you sit down by me and drink some champipple
baby, 'til the champipple's gone?
And drink some champipple baby, 'til the champipple's
gone
And drink some champipple baby, 'til the champipple's
gone
