I got an airplane ticket  
And my shirt is stickin' out of my jeans  
You got me painted in the corner  
Where I'm livin' way beyond my means  
Outside my window  
A bird once flew  
Now I don't even care  
What kind of gum I chew  
And oh baby  
I just wanna be with you

Well I don't wanna wash the dishes  
But I'm wishin' I could wash my hair  
You been on my mind so long  
You must livin' up there  
Well it's up to the circus  
And down to the zoo  
The monkey's lookin' at me  
Like I'm lookin' at you  
And oh baby  
I just wanna be with you

I don't wanna go to london  
To visit the queen  
She don't like my english  
If you know what I mean  
Don't wanna walk around  
Like I got nothin' to do  
Uh uh baby wanna be with you  
Uh uh baby wanna be with you

Well I was cleaning out my wallet  
While I'm sittin' on my livin' room rug  
I was lookin' at the numbers of the women  
That I thought I dug  
There was one that begged  
One that teased  
One God blessed me  
Every time I sneezed  
But oh baby  
I just wanna be with you

Bridge:

I wanna be with you

When there ain't no love

When the banks all close

With the stars above

Lonely won't be lonesome

When we get through

And uh uh baby wanna be with you

Uh uh baby wanna be with you
