You're just a little kid,
Still sorry about what you did,
We knew you back when you got funny stares,
And you think you're cool cause you got pubic hairs,
Daddy bought you your first truck,
You were so sure it would be your first fuck,
It's out by now, everyone's heard,
You were the biggest 8th grade nerd,
Try to cover up but you didn't do it right,
And now your biggest worry is getting in a fight,
8th grade nerd,
Ever since school you thought you were it,
Deep in your head you know we're the shit,
Daddy bought you your first truck,
You were so sure it would be your first fuck,
It's out by now, everyone's heard,
You were the biggest 8th grade nerd,
Try to cover up but you didn't do it right,
And now your biggest worry is getting in a fight,
8th grade nerd,
8th grade nerd,
