[Alltruisms]

Nowadays, every rapper's got a Benz or a Bentley or a Beemer

Or, somethin with chrome and woodgrain and they're runnin away from the cops

And they got the top down with four broads in there, and

And that's cool but uhh

But for the rest of us, y'knahmsayin, this is a song about how we get down

[Chorus]

Now if you put thirty thousand miles on it since you bought it

for a thousand bucks and you still think you were defrauded

That's jalopy (jalopy) hip-hop to me (hip-hop to me)

And if goes zero to sixty in sixty seconds flat

And the junkyard says you should pay me to wreck that

That's jalopy (jalopy) hip-hop to me (hip-hop to me)

[Alltruisms]

Yeah I got a ruster beater, with a couple busted speakers

And a gun under the seat cause it needed a working heater

I don't feed a meter, I never intend to do it

Rather let the Department of Revenue Denver boot it

Introduc'in, my automobile

A great '89 Toyoya Celica, huh, y'all know the deal

I call her Alice, a.k.a. Mario Kart

Or "GOD DAMN IT BITCH!" when she won't start,

modern day Dodge Dart

Ford Pinto, hundred thirty thousand miles on her for your info

Duct tape on the window

Promoter wants me to do an out-of-town performance

But won't afford the airplane ticket for it - WHAT?

So I sleep here, it's cheaper than a hotel on the road

Hope to make it but the radiator may blow I don't know

Interstate bound woe to me if my motory totally

overheats

Then I gotta take Greyhound!

[Chorus]

If you've ever tried drivin with a broken driver's side door

Tied down to a cinder block inside on the floor

That's jalopy (jalopy) hip-hop to me (hip-hop to me)

And if you've ever been pulled over by the police

Who ticketed your whip for uglifyin the streets

That's jalopy (jalopy) hip-hop to me (hip-hop to me)

[Alltruisms]

Now as I drive around with my friends to all ends of town

I see other jalopies with rims spin around

And I think, if I put tits on a boar hog

It'd become a boar hog with tits before long

But it takes so long to turn on out of the gates

That a horse would beat me in a six furlong race

Wrong way on a one-way street

I'm prayin Lord make it start someday PLEASE!

I'm a fine defensive driver 95% of times

But the other 5 has my insurance rates risin higher (sky high)

Tryin to find a buyer, I spread it through the wire that my ride inspired Kanye West to write "Through the Wire"

(LIAR~!) Don't laugh at me, laugh with me

It can be yours for half a G (450)

You can push the crappiest Japanese expatriate machine

A happy-ass can be pack animal (not exactly)

The muffler huff puffs and spews fluid complaints

And the pigeon shit is the newest layer of paint

Don't hate a player, or the Ice Cube "AmeriKKKA's Most" tape

Stuck inside since '99 (five bucks off for the pliers!)

Months of tryin and I can't get nothin for it

Feds refused to take it off me for a tax deduction

(Thanks) thanks for nothin I'll keep it for damn sure

In Chicago you can't rely on public transport

[Chorus]

If you swerve over the curb hittin the one wheel motion

While hookers on the track say "You must be jokin!"

That's jalopy (jalopy) hip-hop to me (hip-hop to me)

And if your ride's ever got in an accident

Cause you fed the piece of shit motor oil mixed with laxative

That's jalopy (jalopy) hip-hop to me (hip-hop to me)

[Alltruisms]

Yeah so I blew the head gasket, but uhh y'knahmsayin I  
got

I got manual manu maree now

Uhh, you should you should try ghostridin the whip with  
a clutch

You ever tried that shit? That's that's hyphy, aight

Until you done that, don't talk

And also you can't rap and you need to shut the fuck up  
about your car

beacuse nobody cares; learn to write lyrics
