You tell me I can't slow down  
You tell where I gotta be  
I spin into the darkness  
But I swear that I can't see a thing in front of me  
You know it's true  
I'm not driving anymore,  
I can't keep up with you.  
I'm closing in the highway  
I've got headlight in my eyes,  
Don't get too close to me  
Can't you see that we'll collide,  
And in the casualties,  
There's just no room  
I'm not driving anymore,  
I can't keep with you  
So leave me on my own,  
Throw me down and race away, from here  
I've got nowhere to go to,  
I don't think I can get back on my feet,  
Back on my feet  
It came right out of  
I was more than terrified,  
And I can't put my brakes on,  
I can swear to stay alive,  
And then I lose control,  
And I can't choose  
I'm not driving anymore  
I can't keep up with you  
So leave me on my own  
Throw me down and race away from here,  
I've got no where to go to  
I don't think I can get back on my feet,  
Back on my feet.  
Get me out of harms way,  
Can't you see I'm paralyzed,  
I wanna fade out gracefully,  
But you keep keeping me alive  
To face another day,  
Can't you see I'm through  
I'm not driving anymore,  
I can't keep up with you.  
Can't keep up with you.

Tell me how to help me God,  
I wanna end this servitude,  
Till this pale life expires,  
I wanna house within this cell  
And I come up for breath  
Sending God through  
I'm not driving anymore,  
I can't keep up with you.  
I'm hoping for conjunction,  
I don't know how to play my part,  
I swear I'm all alone in this thing,  
'Cause I've been driving in my car,  
Into oblivion, let it come soon.  
I'm not driving anymore,  
I can't keep up with you
