Well i  
Keep on waiting  
For you to say  
That your wait is over  
And you've woken up in clover  
Yeah  
We're one and the same

Seems like  
It's never ending  
But good lights the way  
Let's keep believing  
That we're one  
That we're one and the same  
One and the same

Salvation, see it lights the way  
Each time we see heaven  
It slips away  
So keep believing  
Don't come undone  
Keep on dreaming  
Our day will come

We're one and the same  
Two birds adrift on the wind  
As life slips away  
Let's keep believing  
That we're one and the same  
One and the same

Let's start living  
Seize the day  
Can't miss heaven  
It's a step away  
Let's keep persisting  
Another day  
Let's keep believing  
Come what may

We're one and the same  
Two hopeless dreamers

Wasting away  
God has an order  
We'll find a way  
One and the same  
One and the same
