Speed me towards death  
'Cause I just can't wait for her  
I want her to come  
I want to embrace her  
I've decided it's life  
That I don't like  
That I don't like

Speed me towards death  
'Cause I think she'd go for me  
They say time is the cure  
I can't wait, he's too slow for me  
I've tried all the rest  
Now I want to try the best  
And I'd die for some company  
I'd die for some company

I don't want to die slowly  
I don't want to decay  
I want to be chosen  
I want to be made  
I don't want to die lonely  
And weary of life  
I will not be earthbound  
I'm going to fly

So speed me towards death

You know I want her to taste me  
My senses are dead  
I want her to awaken me  
I've realised that this world at its best  
Is just a prelude to the next  
And it's not what I want to hear  
It's not what I want to read

I don't want to die slowly  
I don't want to decay  
I want to be chosen  
I want to be made  
I don't want to die lonely  
And weary of life

I will not be earthbound  
I'm gonna fly

For life is a game  
Fit only for fools  
It's a horse than can't win  
In a race rigged to lose  
So speed me towards death
