Always looking for the next score
I was, always looking for the next door
To take me to the promised land
Yeah that's where I was going
But I was always there with you
I just didn't know it

Sometimes you have to lose it all
To know how much you had, before you had to fall
I will never lose you again
I couldn't take the pain
Sun shines brightest
After the rain
After the rain

Thought I was a dreamer
But I was just asleep
I was making excuses for the promises
I wouldn't keep 'em every time
You needed me to show up
I was never there for you
It's time for me to grow up

Sometimes you have to lose it all
To know how much you had before you had to fall
I will never lose you again
I couldn't take the pain
Sun shines brightest
After the rain
After the rain

The sky is so much clearer
After the rain
I need to be near you
All the mistakes
I made in my life
I finally got it right

Sometimes you have to lose it all
To know how much you had before you had to fall
I will never lose you again

I couldn't take the pain
Sun shines brightest
After the rain
After the rain
