Nobody feels any pain tonight as I stand inside the rain
Everybody knows baby's got new clothes
Lately I've shown my ribbons and my bows
And my problems from my curls

And I take just like a woman
And I made love just like a woman
And I ache just like a woman
I break up like a little girl

The Queen Mary is my friend, I believe I'll go and see
her again
Ain't nobody has to guess, the baby won't be blessed
Till she finds out she's just like all the rest
With her problems, her amphetamines and her pearls

She takes just like a woman
She makes love like a woman
And she aches just like a woman
She breaks up like a little girl

Oh, it was raining there at first
And I was dying there of thirst
So I came in here

And a long time trust it hurts
But what's worse
Is this pain in here, I can't stay in here
Ain't it clear?

Oh, I must admit I believe, it's time for us to quit
When we meet again and we're introduced as friends
Please don't let on that you knew me when
I was hungry for you and it was your world

I take just like a woman
And I make love just like a woman
And I ache just like a woman
And I break up like a little girl
