Love, one of a kind, something for you and I to share  
between us  
Made of heaven sent by Venus; Love, moving through  
me, seeking  
a place with in my heart I'm sure of everyone is in and  
out of....

Love, older than sky, like every cloud that has a silver  
lining, Love is new and  
ever shining, Love falls just like rain, Love is the only  
thing I know that lasts  
through time and even after...that is LOVE.

Love, laughing and high, feeding the magic that I find  
within me, quicker than the  
eye yet simply love warmer than rain, quiet as night but  
it's stormy in its passion  
ancient never out of fashion.  
Love, always commands, it never obeys the heart that's  
bleeding badly, aching  
tears of breaking sadly, Love, one of a kind, love is the  
only thing I know  
that lasts through time and even after than forever.

Love, reach out for love, not to be treated for a  
moment's pleasure, real love is the  
lasting treasure , Love, for certain, sure, Love is the  
only thing I know that lasts  
through time and even after than forever.
