With Maxi Priest

Look at all the stars tonight  
Look at all the moonlight  
Look at us were all alone.  
Oh and just like a dream  
Like some romantic fantasy  
Darling come and hold me close.  
We could be making love  
And with the slightest touch  
We could

Chorus

Set the night to music, we could  
Set the night to music, we could  
Do what we want to do  
It'll only take me and you  
To set the night to music.

We'll find a rhythm all our own  
Melt into it nice and slow  
Love ourselves away from here.  
Log on to kill this message.  
Your heart beating next to mine  
Perfect love in perfect time  
Watch the world, just disappear.  
This moment is ours to take  
And with the love we make  
We could

This moment is ours to take  
And with the love we make  
And with the slightest touch  
We could
