Your hands and lips  
Always know what I like to feel  
But don't think I can't see that  
You're trying hard to make me say I want you  
So what's in it for me?

You think that I should be crazy about you  
But I know what life would be with  
Someone like you always hanging around me  
So what's in it for me?

Don't think I don't know just what you want -  
everything  
Don't think I don't know just what you'll get -  
nothing!

What's in it for me?

Don't think I don't know just what you want (just  
what you want)  
Don't think I don't know just what you'll get (just  
what you want, just what you'll get)

Don't think I want you till you've thought of  
something that  
I may make your love worth while  
What's in it for me?  
Don't think I want you till you've thought of something  
that  
I may use your luke warm smile  
What's in it for me
