Heaven is here
Each night when I should be asleep
I put on my cout
And I walk the streets
I spend these hours
Escaping from my dreams
Afraid of what I might see
Fear has no beginning no end
So I spend all my time
With you on my mind
I see visions of you
All my dreams coming true
And I fall to my knees at your beauty
My hand over my heart
A heard that's filled with love
A love that can lift the soul
Divine worship forever Amen
There are times spent in despair
That you won't believe me
So many times I've tried to tell you
But my courage deceives me

You have my whole world under your heel

No words on this earth

Can convey the way I feel

Heaven is here

Where I once feared to be

And I fall to my knees

At your beauty

My hand over my heart

A heart that's filled with love

A love that can lift the soul

Divine worship

Forever Amen

I fall to my knees

I fall to my knees

You lift up my heart

You lift up my heart

Nothing so fine

Nothing so sure

As I'm gazing in awe

At your beauty

My hand over my heart

A heart that's filled with love

A love that can lift the soul

Divine worship forever Amen

And late each night

As I walk the streets

I pray for the day

I lay my heart at your feet

You lift up my heart

You lift up my heart

You lift up my heart

With your love
