

Robert Bradley's Blackwater Surprise "Baby"

Visit "[Baby](#)" on [MotoLyrics.com](#)

Baby, it's alright
Maybe, you'll stay here tonight
Baby, it's alright
Maybe, you can stay here tonight

Out on the street
Love, music, and my guitar
Drove up a woman
In one of those old fancy cars

She said Hey boy
Why don't you get on in
For tonight
I'll be your lover and your friend

And she said Baby if it's alright
Maybe, you can stay here tonight
She said Baby it's alright
Maybe, you'll stay here tonight

It was Champaign, candle light, and wine
The girl looked so good
She gave eyesight to the blind

She said come here boy
I'm gonna take you higher
Boy tonight the stars
Shine much brighter

And she said Baby it's alright
Maybe, you can stay here tonight
Baby, Baby, it's alright
you know it's alright
Maybe, She said baby
you'll stay here tonight

Can I kiss you
Can I hold you
Put my arm around you
Thank god I found you

I gotta kiss you

Can I hold you baby
Put my arm around you
Thank god I found you

And she said Baby, she said baby, it's alright
You know it's alright
Baby, She said baby
It's alright
you can stay here tonight

In the morning
In the evening
In the night time
I really need you woman
I really love you baby
Can I kiss ya
Gotta hold ya
Can I hold you once more
In the night time

You know that it's alright, yeh
In the morning
In the sun
it's a wonderful world

I want to love you baby
You know you are the only girl
In my life, In my life
In my wonderful life
