Pulling down the blinds, blocks what's left of the  
Stars  
So I'm tripping over bottles, tracing footsteps in the  
Dark  
Tomorrow would be a great day for broken glass  
There are men in this room, who would pay for this  
Missed calls to say I missed the morning's most.

You can't talk about it, you can't talk about it  
Keeping (we) secrets (we) playing (can't talk about it)  
Witches  
Our bodies stretched out, our bodies stretched out  
Casting sudden spells is not the answer  
We'll build ourselves on hope and progress  
Wake in water says your eyes wide terrified  
We'll build ourselves on hope and fortune  
I wouldn't say  
Wouldn't say it, to your face, I'm sure

Your life is a song, your life is a song  
Your life is a song, but not this one  
Your life is a song, your life is a song  
Your life is a song, but not this one (SURE! )  
It talks about confidence, I'll give it a month if I'm  
Lucky  
I'm not that lucky, and these t-shirts don't fold  
Themselves  
But he falls asleep on her shoulder  
Every shift they spend together, which is most nights.

You can't talk about it, you can't talk about it  
Keeping (we) secrets (we) playing (can't talk about it)  
Witches  
Your bodies stretched out, our bodies stretched out  
Casting sudden spells is not the answer  
We'll build ourselves on hope and progress  
Wake in water says your eyes wide terrified  
We'll build ourselves on hope and something  
I wouldn't say  
Wouldn't say it, to your face, I'm sure

Your life is a song, your life is a song  
Your life is a song, but not this one (SURE! )  
Your life is a song, your life is a song  
Your life is a song, but not this one  
It talks about confidence, I'll give it a month if I'm  
Lucky  
You're jealous friends have gotta get laid  
The only thing that's stopping you is more of the same  
Yeah you get it, you feel it, emotions, attention

Your life is a song, your life is a song  
Your life is a song, but not this one  
Your life is a song, your life is a song  
Your life is a song, but not this one  
Your life is a song, your life is a song  
Your life is a song, but not this one  
Your life is a song, your life is a song  
Your life is a song, but not this one
