There were no female pirates
Your friends are dressed like whores
And there's competitions to see what your winning
We got short skirts and yo ho ho!

We'll take, take, take it turns to get angry
Bury each other where we once balanced each other
I will wait for the moment to grab me
I remember, sometimes I would walk to your bus stop
And it wouldn't change a thing

I can feel the doubt still lingering
I can feel my cheap heartbeat
We got three good clubs in the heart of the city
I'll only get precious singing about your day
I'd barely call this singing

And I'm a lost ghost stalking out grammar school
Corridors
Oh, you'll never, oh oh you'll never
Like the worst kind of habit
How you're only gonna get ignored
Oh, you'll never, oh oh you'll never
If I'm a car crash, then you're a car crash too
Oh, you'll never, oh oh you'll never
Like the worst kind of habit
How they're watching while we're at it
Oh, you'll never, oh oh you'll never
Oh, you'll never,
Oh oh you'll never, oh oh you'll never, oh oh you'll

Never

And you can stop any time you wanted to
You can stop any time you wanted to
Take your hands off her and walk out of the room
With your dignity intact

We'll take, take, take it turns to get angry
There's nothing like fighting battles lost
I will wait for the moment to grab me

I remember, sometimes I would walk to your bus stop
And it wouldn't change a thing
You can stop any time you wanted to
I vomit desire, I sweat desire

We got three good clubs in the heart of the city
I'll only get precious singing about your day
I'd barely call this singing

And I'm a lost cause haunting out nightclub corridors
Like the worst kind of habit
How you're only gonna get ignored
Oh, you'll never, oh oh you'll never
If I'm a car crash, then you're a car crash too
Oh, you'll never, oh oh you'll never
The worst kind of habit, kept the bodies in the attic
Oh oh you'll never, oh oh you'll never, oh oh you'll
Never
