Teenagers need happy homes like parents need their
learning curves

Though everyone you'll ever meet will die

They'll be days you'll lose to memories

And nights you'll want to cut the rope and jump off

And I'm sorry to keep breaking the fourth wall

But I heard she's been selling off our shirts

Your money's tight but that shit hurts!

The love you lost and friends you trusted

Squat your heart but they won't help you fix this!

Like the old punk's holding on

Like the club kids pushing dawn

You take it on

It's just you vs. everything

Like the old punk's holding on (but the fire's gone)

Like the club kids breaking dawn (but you're not that
strong)

You take it on

It's just you vs. everything

But you can slow it all down

Hey, super disassembler

(Ahhh ahhh ahhh...)

Like the old punk's holding on (but the fire's gone)

Like the club kids pushing dawn (but you're not that
strong)

You take it on

It's just you vs. everything

Like the old punk's holding on (but the fire's gone)

Like the club kids breaking dawn (but you're not that
strong)

You take it on

It's just you vs. everything else... ah!
