Crusin' the city about 3am  
I might come lookin' for you you know who I am  
You better step aside you better run and hide  
I'm on my way

You see me once you won't see me again  
Once chance is more than I give any man  
Get on your way I'm here today  
I'm here to stay yeah

Burn  
I said burn  
I said burn  
You're gonna burn  
Burn  
I said burn  
I said burn  
I'm gonna burn it down

Sweet talkin' sister with a loaded hand  
You go runnin' out she'll come runnin' in  
Seen it all before she won't see it again  
Not again

Talk is cheap and so is all that time  
Especially when you're locked up tight  
For every one that you try to blame  
There's two that curse your name

Burn  
I said burn  
I said burn  
You're gonna burn  
Burn  
I said burn  
I said burn  
I'm gonna burn it down

I sleep all day 'cause I rule the night  
I stand up tall and I flex my might  
C'mon down, I'll see you around

You're goin' down

Make that last run make it tonight  
Speak your peace and say goodnight  
Open your eyes this ain't no dream  
This ain't no dream

Burn  
I said burn  
I said burn  
You're gonna burn  
Burn  
I said burn  
I said burn  
I'm gonna burn it down... BURN
