Don't want to start a revolution
Didn't come here seeking absolution
Ain't no problem if you find a solution, hey, hey, hey

See - See the freak
Need - Need the freak
Be - Be the freak
Me - Me the freak

Look closely things aren't what you're seeing
Opened eyes can't always be believing
Ain't no reason to be doing all this grieving, hey, hey,
hey

See - See the freak
Need - Need the freak
Be - Be the freak
Me - Me the freak

Life grows out of devastation
Hope battles anger and frustration
Humanity or desolation hey
Pain
