We're all gonna die

When I was a very young boy, mamma told me we all
gonna die
Mamma said son love can't be trusted, it's just another
weakness
We all gonna die

Chorus

Baby don't cry, praise the most high, tell you no lie,
We're all gonna die
Baby don't cry, praise the most high, tell you no lie
We all gonna die

Now I'm grown, seen a lot livin', made a few friends
Gonna get high, hoping I don't take more than I'm
given
Judgement day comin', we all gonna die
If my wings should fail me lord, meet me with another
pair

Chorus

Baby getting born, old man die'n
Young lady laughn', old woman cryin'
Leaving like a lamb, comin' back like a lion
Babylon to Zion, we're all gonna die

Praise the most high, we're all gonna die
When I was a very young boy Mama told me, we're all
gonna die
Mama said, son, love can't be trusted
Its just another weakness, we're all gonna die
Praise the most high, we're all gonna die
If my wings should fail me lord, meet me with another
pair

Chorus (2x)
